of Education in Medfield

High school abolished?

In 1903, the town of Medfield abolished high school in an effort to save \$700. Students were sent to Dedham and Walpole High Schools instead. Medfield gradually brought back freshman and sophomore years between 1904 and 1906. Junior year was restored in the fall of 1906. Finally, by the fall of 1907, senior year had returned. At that point, MHS was a full four-year high school again with eight students graduating in June of 1908.

Advice to Underclassmen

...

When given the chance, get ahead of your work, especially in place of Netflix. It'll save you from stressing in the future as well as give you more fun time when you really need/want it.

Don't be afraid to go for extra help or visit the writing center! Even if you have nothing with you or if you aren't sure what you need to review, the teachers are always here to help you succeed!

Get organized and plan out your work ahead of time so that you know what you need to work on first and don't waste time.

Don't believe all the rumors that you are told. Try to make friends with the seniors, and don't get overwhelmed by the size of the school.

An apple a day keeps the doctor away!!

Don't even think about letting the fact that life gets harder discourage you. As long as you have faith, courage, close friends, family, and everything else important to your life, you will succeed tremendously.

Treat everyone around you with respect and kindness.

Store money in your backpack for emergencies.

GPA isn't all that matters, kids.

Your health is so important. It can be difficult to focus on your own needs while balancing all of the stressful requirements of being a high school student. It isn't a sign of weakness to take a break every once and a while to put yourself first. If things ever get too tough, don't be afraid to reach out for help. No grade is more important than self-care.

Never settle for bad cookies. Original cookies or go home.

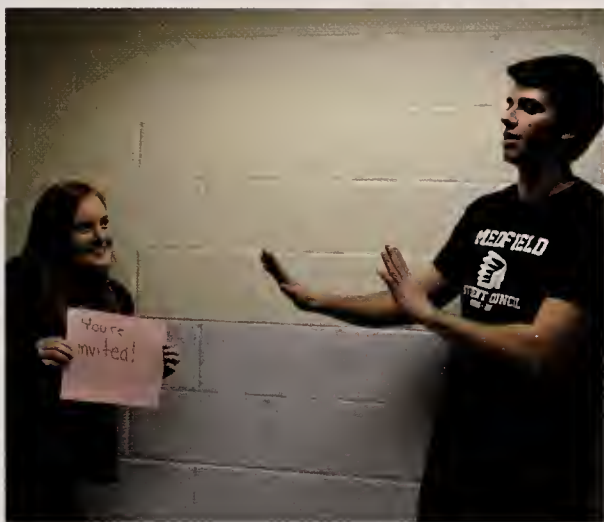

When teachers assign groups of 2 and you and your friends are a group of 3, be the first to volunteer to work with someone else. Don't be afraid to branch out. Be open to new people because you may just make a new friend.

...

~Ally Beck

~Leah Sarris

I always had a crush on Emma in middle school... I ended up with Abby.

~James Voss

Freshman year, I had a huge crush on Remy Lawson.

~Thomas Cadman

In 7th grade, I had a huge crush on Thomas Cadman ever since he played Troy Bolton in the middle school play.

~Remy Lawson

I had a crush on Madeline Buscone in 5th grade. Everything I did or said was an attempt to make her laugh.

From raising money at the fall car wash for Spain trip scholarships to teaching classes to kids at the library, we can really help our classmates and community further their Spanish experience." -Hannah Woolley

"The best thing about the Spanish Honor Society is being able to work and connect with all the members. They bring passion and enthusiasm that reminds me each day how and why I fell in love with the language in the first place. Spanish is a truly wonderful language, and I am honored to be able to work with members that want to make others love it just the same. They're truly a phenomenal group, and I've loved working with them!" -KG

MHS Student Photography!

Letter from the Editors

Dear Class of 2017,

Here it is...our final moments of life at Medfield High School. We have all been through a lot together, and now we are headed off on our separate ways. We have put our heart and soul into creating a yearbook full of timeless memories of our best friends, teachers, and days as Medfield Warriors.

Although we will travel down our own paths in the future, we will always cherish the love and support from our strong community. We hope that you enjoy this trip down memory lane and remember the good times at MHS!

We would like to thank Mrs. Brown for her unwavering support and dedication to the entire yearbook team. We would also like to express our gratitude for the hardworking staff at MHS and countless others who helped us along the way.

Best wishes, '17!

~Leah Baum and Julia McDevitt, yearbook editors

Mandarin National Honor Society

"2016-2017 was our inaugural year of Chinese National Honor Society. Any time a new club or group is formed it is hard to start it up. There were unforeseen challenges and a lack of direction at first. I want to thank our small community for being open minded and enthusiastic as we created a way to recognize the hard work that it takes to excel in this language. Foremost, I want to thank my fellow officers for muddling through this new territory with me. I am very excited to see how CNHS will grow in the coming years!" -Haley Wong
